HavenPlus

HavenPlus is an online learning platform designed to educate students on preventing and responding to interpersonal violence in the Emory community. HavenPlus takes approximately 45 minutes to complete. Click here to begin HavenPlus.

HavenPlus

Emory University is actively working toward a campus in which no student fears or experiences violence. HavenPlus, an interactive online education platform, is only one part of Emory University's comprehensive interpersonal violence prevention program. Through it you will learn about preventing and responding to multiple forms of interpersonal violence, including sexual assault, harassment, relationship abuse, and stalking in the Emory community. Every incoming transfer, undergraduate, graduate, and professional student at Emory is required to complete this module.

HavenPlus is a relatively short program: Part 1 takes approximately 45 minutes to complete, and Part 2 (a follow up survey sent 6 weeks after Part 1 is finished) takes approximately 15 minutes to complete.

It is possible that something you read during the HavenPlus training will evoke an emotional response, whether or not you have experienced violence or trauma yourself. For free confidential support on campus, contact the Respect Program at 404.727.1514 or respect@emory.edu and ask to speak to the Survivor Advocate. If you are not on campus, you can still get 24/7 support via the national support hotline of the Rape, Abuse, and Incest National Network (RAINN) at 1-800-656-4673 or access their online counseling hotline at https://hotline.rainn.org/online. This hotline can also connect you with confidential in-person support in your area.

If you are concerned about your English proficiency, please also be aware that all video portions of HavenPlus do have a Closed Captioning (CC) option, and all video/audio can be replayed any number of times.
