Section A Book List

Civil Procedure

- Civil Procedure: Cases, Materials, and Questions; Freer & Perdue; Carolina A; 2016, ISBN: 9781611639117 (Required) This book is available in traditional hard cover and in loose-leaf format. The latter is less expensive and allows you to carry only those pages relevant to that day’s class. References in this document and assignments to “pp.” are to page numbers in the Casebook.

- Federal Rules of Civil Procedure Booklet for 2017-18. (Required) Many companies publish these; Prof Freer prefers the one published by Lexis/Nexis (Carolina Academic), mostly because it seems to be the least expensive. Prof Freer notes that this booklet includes more than just the Federal Rules of Civil Procedure (FRCP); it also has relevant statutes and constitutional provisions. If you would prefer not to buy this booklet, these materials are available online from various sources. You can save some money by getting the various rules and statutes online.

- There are many very good secondary sources in CP. Prof Freer suggests you simply use one in the library. One secondary source is Freer, Civil Procedure (Aspen 3d ed. 2012). There will be copies of that book on Reserve in the library. (Recommended)

Torts

- A History of Civil Litigation; Vandall; OUP; 2011, ISBN: 9780195391916 (Recommended)
