Ongoing Projects:

Feminism and Legal Theory Project:

Begun in 1984, the Project holds workshops and "uncomfortable conversations" and hosts visiting scholars from around the world. The Project has produced 11 books thus far, including *At The Boundaries of Law: Feminism and Legal Theory*, the first published anthology of feminist legal theory and *Transcending the Boundaries of Law: Generations of Feminism and Legal Theory*, celebrating the 25th anniversary of the Project.

Vulnerability and the Human Condition Initiative:

This Program hosts national and international workshops and visitors. Its purpose is to provide a forum for scholars interested in engaging the concepts of "vulnerability" and "resilience" and the idea of a "responsive state" in constructing a universal approach to address the human condition.
