“The legal market in Atlanta is wonderful because federal courts and companies like Coca-Cola and CNN are headquartered here. If you want the intimacy of a small community but the resources of a large city, Emory has everything you could want. The law school met my personal goals of living in a large city and my career goals, too, because graduates are placed at great jobs after graduation.”

Experiential and Practical Hands-On Learning

Emory Law has countless opportunities to experience law in action. We empower students to discern their legal path right from the start of their legal education, from a first-year elective that explores an area of possible legal interest to a wide range of clinics, simulation programs, and externships that guide students in finding their legal voice.

Experiential Learning

The American Bar Association accreditation standards now require law students to complete at least one or more experiential courses totaling at least six credit hours. For more information, visit law.emory.edu/experiential-learning.

Trial Techniques

The Kessler-Eidson Program for Trial Techniques immerses you in “learn-by-doing” oral advocacy, connecting you with nationally recognized trial lawyers, judges, and professors as you learn—and experience—the mechanics of litigating a case.

Faculty-Led Clinics

Emory Law clinics offer curriculum-based, real-world experience through direct client service in a range of settings under the direct supervision of law school faculty. Each clinic’s docket is designed to fully immerse students in all aspects of the legal process.

- Barton Policy and Legislative Clinics
- Barton Juvenile Defender Clinic
- Barton Appeal for Youth Clinic
- International Humanitarian Law Clinic
- Turner Environmental Law Clinic

Student Volunteer Opportunities

Student-led clinics offer real-world experience through direct client service. These opportunities enable students to connect with mentors at pro bono law firms and nonprofits. Service in these clinics is performed on a volunteer basis, not for academic credit.

- » Emory Immigrant Legal Assistance
- » International Refugee Assistance Project
- » Volunteer Clinic for Veterans

Externships

Externships are an integral part of the Emory Law experience, taking the skills and principles you learn in the classroom and applying them in practice. Our externship program places more than 120 students per semester with more than 100 government agencies, public interest organizations, courts, companies, and small law firms. Under the supervision of an attorney, you will hone real-world skills, including research, writing, advocacy, interviewing, counseling, litigation, and case investigation.

TI:GER®

Unique to Emory Law, the Technological Innovation: Generating Economic Results (TI:GER®) program prepares students to transform promising research into economically viable products, uniting law, business, engineering, and science in collaborative teams to take innovative ideas to the marketplace.

Transactional Law and Skills

Certificate Program

Emory Law’s robust Transactional Law and Skills Certificate curriculum is the gold standard for transactional law education, preparing students to add value to a transaction from day one on the job.

Supreme Court Advocacy Program

The David J. Bederman Emory Law School Supreme Court Advocacy Program (ELSSCAP) is the only student-run Supreme Court litigation program in the United States. Students work under the guidance of experienced litigators as they handle all aspects of ELSSCAP’s work, which includes producing persuasive petitions for certiorari and amicus briefs for the Supreme Court.

Moot Court and Mock Trial Societies

Fortify your skills in trial advocacy through the Emory Mock Trial Society, which will help fine-tune your litigation skills through competitions. Develop a knack for brief writing and oral advocacy through the Emory Moot Court Society, which will help you become an effective appellate advocate.

Atlanta: An International Hub for the Business and Legal Community

Atlanta ranks among the top cities in the US for the number of Fortune 500 company headquarters, and the regional offices of nearly every federal agency are nearby. With a population of more than 6 million people, Atlanta is one of the Southeast's largest cities and provides countless opportunities for legal networking, externships, and summer jobs.

"I think that Atlanta has a lot to offer! It's the legal powerhouse of the South with many opportunities for a variety of legal careers. You've got the 11th Circuit right here, a variety of big, mid-size, and small firms, and plenty of public interest opportunities. When you add professional sports, the music, and endless food options, Atlanta is truly a gem."
